Hundreds of IMCA Modified and Stock Car drivers will flood the Boone pit area tonight and replace IMCA's entry-level classes on the racing card. Each will compete to see who has the right combination of skill and luck to be one of the first to advance to Saturday's "A" mains.

Only the best will win, and only the winners will advance to qualifying feature events that will set the inside row of 10 for Stock Cars and inside row of 8 for Modifieds. One driver in each division will then have three days to forge nerves of steel, a necessary ingredient to start on the prestigious pole at the IMCA Speedway Motors Super Nationals.
